Chair of the dept	
Name	Dimitrios Tsiamitros
Email	<a href="mailto:dtsiamitros@uowm.gr">dtsiamitros@uowm.gr</a>
Telephone number with country code	+306931974828

Background & Experience	
<p>Competences: Which are the organisation's <b>thematic competences and experiences</b></p>	<p>The dept of Occupational Therapy (OT) is a member of all the bodies for OT worldwide (WFOT), in European (ENOTHE) and Greek level. It is in close cooperation with the Greek OT Association (<a href="http://www.pse.org.gr">www.pse.org.gr</a>) and the Cypriot OT Association (<a href="https://www.ergotherapeiacy.eu/index.php">https://www.ergotherapeiacy.eu/index.php</a>) for educational and research issues.</p> <p>Together with the URC Temenus (<a href="https://urc.uowm.gr/">https://urc.uowm.gr/</a>) and other departments are in close cooperation with the Regional Authority and the ROP Regional Managing Authority of Western Macedonia. They act as consultants of the Regional Authorities, through Interreg Europe projects or technical support contracts.</p> <p>We are very active lately in fields such as school occupational therapy and elderly people assistive living technologies, through cooperation with relevant start-ups and participation to relevant National and H2020 proposals. More specifically, the OT dept of UoWM is trying to integrate new technologies, such as Internet of Things (IoT) into innovative solution for medical or social issues such as children's asthma, school bullying, transportation of disabled or elderly people and assistive living.</p>
